KING'S POLICE MEDAL.

Delhi, the 2nd January 1922.

No. F.-45.—His Majesty the KING, EMPEROR OF INDIA, has been pleased to confer the KING'S Police Medal, and in two cases a bar to the medal previously awarded, on the following officers and men of the Indian Police establishments :—

Madras

Name of officer and rank.	Statement of services for which in particular the decoration has been conferred.
1. William Henry Pitt, Superintendent of Police.	Mr. Pitt was deputed on special duty in 1920 to round up a large number of Chenchu watchmen who had got completely out of hand and were terrorising the villagers all round the Nallamalai hills in the Kurnool district. With the assistance of a force of Reserve Police deputed from different districts he carried out the task in a manner of which it would be difficult to speak too highly. Considering the nature of the country and the wildness of the Chenchus his success was extraordinary. His report of the operations was a concise and clear record of an admirably conceived and executed plan of campaign attended with conspicuous success.
2. Thomas Anthony Sumner, Sergeant.	Sergeant Sumner was deputed on special duty under Mr. Pitt in connection with rounding up the absconding Chenchus of the Kurnool district and remained on it for two and a half months. He showed himself thoroughly reliable and ready at all times to carry out any duty entrusted to him with cheerfulness and thoroughness. He did some particularly good and valuable work in connexion with the signalling parties attached to the force which had to work alone in a very difficult and wild country.
3. Sankrathy Yeshish, Constable, Nellore district.	This constable was on duty with the Nellore Reserve in October 1920 on the occasion of a serious conflict between the Hindus and Muhammadans of Nellore Town. He was in the front rank of a small party which was dealing with a portion of the mob and his carbine was seized by one of the rioters, a Muhammadan ex-sepoy in khaki uniform. The constable stood firm and promptly shot his assailant, which produced an excellent effect on the rest of the mob. He is only a lad with four years' service, and had he lost his head or flinched in any way the results would have been very serious.
4. Henry Edgar Keats, Sergeant.	On 3rd April 1920 Sergeant Keats with a party from the Madura Reserve arrived at Peraiyanpalliur to keep order while Kallars were being registered under the Criminal Tribes Act. When he reached the village a large and noisy crowd had collected, most of the members thereof being armed with sticks and aruvals (choppers). On the arrival of the Magistrate who was conducting the registration, the crowd became more turbulent and later, on the arrest of one man who was a warrantee, took to throwing stones and using threats. The Magistrate and Taluk Police who were with him retreated to where the Reserve party was halted and Sergeant Keats formed his men into a hollow square to protect them. The Kallars who numbered about 2,000 advanced throwing stones and tried

	to surround the party, several of whom were hit. After a warning, which was unheeded, the Magistrate ordered the police to fire and Sergeant Keats gave the order for independent firing. The fire was effective and as soon as the mob showed signs of dispersing the "Cease fire" was sounded and promptly obeyed. The greatest credit is due to Sergeant Keats for the admirable manner in which he disposed and controlled his men and for the coolness he displayed. The slightest sign of hesitation or weakness would probably have meant disaster as the Kallars, who were thoroughly roused, would have overpowered the police. The incident had an excellent effect and put an end to trouble over registration.
6. William Adolphus Percival Hankinson, Acting Inspector, Madras City Police.	Mr. Hankinson was in charge of the Vepery division during 1920 and 1921 when there was a series of strikes in the Buckingham and Carnatic Mills and was responsible for most of the precautions taken. He never swerved from the faithful discharge of his duty though his life was in danger more than once. The strikers knew that he was directly responsible for opposing their hooliganism and keeping them in check. He kept his men under admirable control and set them a splendid example of pluck and devotion to duty. It was due to him that murder and looting did not become general.
7. Shanmugam Pillai Duraiswami Pillai, Sub-Inspector of Police, South Arcot district.	In April 1920 the Sub-Inspector was mainly responsible for the arrest of the members of a dangerous gang of Padyachi dakaits in the South Arcot district and was specially deputed to arrest the leader, who was an active and dangerous criminal. On the night of the 10th April 1921 he ran the dakait to ground in a reserve forest. The dakait who was armed with a large stick and aruval, tried to escape through the scrub jungle but was pursued by the Sub-Inspector, who caught him up. The dakait then turned and attacked the Sub-Inspector, who refrained from shooting at him as he was anxious to bring him in alive and merely struck at him with his revolver and overpowered him. The rest of the Sub-Inspector's party then came up and the dakait was taken to the station though a gang of relatives and friends endeavoured to rescue him.
7. Clive Gordon Tottenham, Acting District Superintendent of Police.	This officer was left in charge of Calicut, during the Mapilla rebellion at the time of the fighting on the 20th and the 21st August 1921 at Tirurangadi, when communications were cut and Calicut isolated. He acted promptly on his own initiative and did much to allay panic. His action in putting Parak bridge in a state of defence and holding it with his reserve police not only did much to restore confidence, but is believed to have been instrumental in saving Calicut from a very critical position.
8. *Khan Bahadur* Elayath Valiyapath Ama, Deputy Superintendent of Police.	This officer is a Mapilla. His work both prior to and during the Mapilla rebellion has been invaluable. He was present at Tirurangadi during the first outbreak on the 20th August 1921, and also accompanied the troops when Ali Musaliar and his companions were attacked and surrendered. On both occasions he exhibited great coolness and devotion to duty in difficult and dangerous positions. Mr. Ama was awarded the King's Police Medal in the Government of India, Home Department, notification No. 1-C., dated the 1st January 1916, for bravery and devotion to duty. He is now awarded a bar to that Medal.
9. Mangath Narayana Menon, Inspector of Police.	In addition to managing a difficult circle with success and retaining therein a remarkable influence, this officer showed great coolness at Pukkattur on the 31st July 1921. He was confronted by a very large crowd of excited Mapillas who threatened not only his own life but that of all the occupants of Nilambur Tirumalpad's house. His courage in standing up to the crowd led, after several hours of extreme danger, to the dispersal of the crowd and to the consequent saving of many lives. Had it not been for this officer's successful handling of the position, the outbreak of a general rising might have occurred three weeks before it actually did and before the troops in the district had been reinforced. His work during the rebellion has been highly appreciated by the Dorests to whom he has acted as Intelligence officer.
10. Uppath Kunhi Kannan, Sub-Inspector of Police.	This officer did excellent work at Tirur at the opening of the Mapilla rebellion. He was also strongly recommended by the Officer Commanding, Edwanna Post, for personal gallantry. With a Jemadar and six men of the Chin Battalion he proceeded in pursuit of a large gang of Mapillas who were reported in the vicinity. The small party attacked the mosque in which the Mapillas had taken their stand and held their position until the arrival of reinforcements. The Mapillas charged and the Jemadar was shot. During the fighting the Sub-Inspector saved the life of a Chin soldier attacked by a Mapilla by shooting the assailant.
11. Kalavar Arikat Sekharan Nair, Constable.	This constable displayed conspicuous devotion to duty at Parappanangadi on the 20th August 1921. He was sent with a telegram from Tirurangadi. While he was sent with a telegraph office the place was attacked by a very large crowd of Mapillas. Sekharan Nair held the whole crowd at bay, while the signaller despatched the message which was the last sent off before the wires were cut. He then with great bravery made his way back to Tirurangadi through the midst of the crowd.

N.B.—Should the number of candidates who have applied to be examined at any one of the above centres fall short of *fifty*, the candidates that selected that centre must be prepared to proceed, at their own expense, to the nearest centre where the examination may be held. Timely notice will be given to the candidates concerned

3. No notice will be taken of the application of any candidate who selects a centre which is not in the above list, and no candidate will be allowed to name more than one centre. No candidate will on any account be allowed to change the place of examination entered in his application, which *must invariably be the place where he is employed or ordinarily resides or should it not be a centre, the place nearest to it where the examination is held.* A candidate appearing for examination at a centre other than the one mentioned by him in his application must be prepared to have his examination annulled.

4. In addition to the above centres, the Commissioner will be prepared to arrange for the holding of the *Written* examination in any of the subjects mentioned at any other place, if he is satisfied that not fewer than *fifty* candidates are likely to offer themselves for examination, and it is advisable to make such place a centre. Applications for the inclusion of such place or places in the list of centres should be made to the Commissioner through the local educational or other authorities concerned before the 23rd January. Ordinarily, however, only one place will be constituted a centre for each district.

5. The oral and practical examinations in such subjects as require them will be held at those places only where satisfactory arrangements can be made for the conduct of such examinations.

N.B.—*To guard against disappointment in the case of such of the Oral and Practical examinations as may be held before the Written examination, candidates are recommended to refer to Part I-B of the* Fort St. George Gazette *from time to time.*

6. Candidates whose examinations, either written or oral and practical, cannot be arranged for at any place must, *at their own expense*, proceed to Madras or to the nearest centre where they are held in the subjects in which they appear.

7. Heads of institutions are requested to see, before the certificate at the foot of the application is signed by them, that their institution has been recognized by the Director of Public Instruction, Madras, or by the Director of Industries, Madras, as fitted to impart instruction in the *Technical* subjects and for the grades in them brought up by their *pupils.*

N.B.—Heads of institutions recognized for *General Education only* should not sign the certificate at the foot of the application form filled in by any of their pupils coming up for any of the Technical examinations.

8. All pupils coming up from the same institution must select the same centre, and the applications of all of them should be forwarded together (along with a covering letter stating the number of applications) by the head of that institution, an application of any *private* candidate being enclosed with these applications.

9. Each candidate must, wherever the syllabus requires it, submit, before the *31st January*, the necessary drawings, plans, surveys, field books, estimates, or other "certified works." Each of the drawings, etc., submitted must have entered on it the name of the candidate, the subject and grade of examination for which he appears and the centre at which he appears, and must be certified to be his own unaided work by the head of the institution or office to which he belongs, by an officer of the Public Works Department not below the rank of Supervisor, by a District Board Engineer, by the Engineer of the Corporation of Madras, or by an Engineer of any Railway Company.

Candidates are specially warned that no certified works will be valued by the examiners unless the certificate of authorship is in each case quite satisfactory and specifies clearly the period of time occupied in the execution of each work and unless the examiners are satisfied as to the identity and qualifications of the persons granting the certificate. Further, if any suspicion attaches to any certified works submitted by pupils from technical schools, the Commissioner will be compelled to

recommend to the Director of Public Instruction or the Director of Industries, the withdrawal of the departmental privileges enjoyed by the schools. Private candidates, whose certified works are in any way suspected by the examiners, will be liable to have their examination invalidated and also to be debarred from appearing for any of the examinations under the control of the Commissioner for such term of years as the Commissioner may think fit.

It must be particularly noted that the drawing, etc., of each candidate should be submitted in a separate roll for each subject and for each grade (i.e., the drawings, etc., for a number of subjects should not be rolled up together), and that the drawings, etc., of a number of candidates should not be sent in one and the same roll. *Also, on the outside of each roll for each subject, each candidate should enter the following particulars in full:—*

(1) Name of candidate,
(2) Place of examination,
(3) Subject,
(4) Grade, and
(5) Total number of drawings in each roll.

As the application has to be kept in the office and as the drawings, etc., have to be forwarded to the examiners, the application itself should be sent in a *separate* cover and *not rolled* up with the drawings, etc.

A candidate who failed, or having applied, did not appear, at a previous examination, must submit fresh drawings, etc. The drawings, etc., submitted will on no account be returned.

10. Candidates must send in their applications made out in English on *printed forms as that they may reach the Commissioner's office on or before the 31st January, after which date no application will be received.* Only one form of application should be used by each candidate, although he may bring up several subjects and come up for different grades.

NOTE.—Candidate who is desirous of being examined through the medium of a vernacular in any subject should specify in column 3 of his application the language (e.g., Tamil, Telugu) through the medium of which he wishes to be examined.

11. Candidates in the mufassal should obtain the required application forms from the treasury of the taluks in which they are resident or of the district to which they belong. Candidates in Mysore, Hyderabad, Travancore and Cochin States should obtain the same from the Resident's Treasury. Candidates who are residents of Madras should apply for application forms at the office of the Commissioner for Government Examinations, Cathedral Post office (Madras), and not to the Collector of Madras.

N.B.—No notice will be taken of any application from candidates in the mufassal requesting to be supplied with application forms from this office.

12. The following is the scale of fees to be paid by candidates for admission to the examinations:—

	Elementary.	Intermediate.	Advanced.
	Rs.	Rs.	Rs.
For each subject	3	5	10

N.B.—No candidate will be permitted to come up for examination in more than one grade in the same subject at the same time.

13. The prescribed fee must be paid in every case into a Government Treasury, or, if at Madras, into the Imperial Bank of India, and the receipt given by the Treasury Officer or the Imperial Bank of India attached to the application, which must in every case reach the Commissioner's office on or before the 31st January. *On no account will the fee be received in the Commissioner's office whether sent in cash or by Post office orders. No application will be registered unless it reaches the Commissioner's office by the date prescribed.*

NOTE.—*At Madras in the case of all pupils, the fee should be collected by the Headmaster and sent in a lump sum to the Imperial Bank of India together with two lists of the pupils, one of which will be retained by the Bank and the other signed and returned to the Headmaster. This latter list should be forwarded to this office along with the applications of the candidates. The necessary forms for this purpose will be supplied by this office to Headmasters on application.*

14. Each application should be sent direct to the undersigned, post-paid, superscribed and addressed as follows, the receipt for the fee paid *being securely fastened to it.*

☞ Candidates are warned that the application itself *should not be enclosed* with any drawings, plans, surveys, field books, estimates, or other 'certified works' that may be sent, but should be submitted in a *separate* cover.

[*Application for admission to the Government Technical Examinations.*]

To

The Secretary to the Commissioner for Government Examinations,
Cathedral Post Office (Madras).

N.B.—Candidate anxious to assure themselves that their applications have been received should enclose an *addressed post card in their respective applications.* The post-cards should bear the sender's address only and no other writing. Such post-cards will be returned to them in due course with the 'Received' stamp of the office impressed upon them. No other form of acknowledgment except that required by the postal rules regarding registered covers can possibly be given, nor will any notice be taken of any letter from any candidate inquiring whether his application has been received. *Insufficiently stamped covers will be refused.*

13. Candidates should write their names, their father's name and their house names distinctly and in *full* in their applications and give their *addresses in full* also; if 'Other Hindus' they should state in column 3 of their applications whether they are 'Non-Brahman Caste Hindus,' or 'Panchamas'. Applications defective in any particular will be returned.

NOTE.—*The occupation or profession of candidates, or the appointments held by them should invariably be stated in full in column 10 of their applications.*

14. *The fees once paid, in no case whatsoever, be refunded, nor will it be reserved for a subsequent examination. Neither will any excess fee that may have been inadvertently paid be returned. Candidates are warned to study the notification carefully and satisfy themselves, before remitting these fees, that they fulfil the prescribed conditions of admission, in the examinations and that they can, if necessary, proceed, at their own expense, beyond the limits of the examination centre selected by them, for the purpose of undergoing the Written or the Oral and Practical examinations.*

15. Candidates for the Intermediate or Advanced examinations whose names have already been published in the Gazette as having passed a particular stage or stages in subjects in which the examination is divided into stages, as as having passed the Intermediate (late Preliminary), where the examination is of two grades—Intermediate and Advanced—must in their applications cite the date and page of the Gazette in which their names appear and their number in the list of successful candidates.

16. Subject to any changes that it may be necessary or convenient to make in the arrangements, the Written examinations will be conducted in the order of time and subjects shown in the following table, beginning each day at 10 o'clock in the forenoon and 2 o'clock in the afternoon except in the case of examinations on the 21st and 22nd April for which the arrangement is different as shown in the time-table. *Candidates will not be allowed to come up in more than one of the subjects connected together for the same time on the same day, or for more than one grade of examination on the same subject in the same year.*
